Attention: Mrs. S. Evers.

Dear Mrs. Evers:

At a regular meeting of the Progressive Club of Stinson Beach Saturday evening it was suggested that since the death of Mr. Fitzhenry the property at Stinson Beach known as Willow Camp might be available and that Mrs. Fitzhenry, the executrix of the estate, might consider a proposition at this time.

It is understood that this property is to be appraised soon and if the Conservation League is still interested in purchasing it, this would be the time to act. It was the wish and hope of those present that your organization acquire this property and make it a public park and beach.

I was asked to write and inform you of this and see if the League cared to consider it at this time. Would be pleased to hear from you in reply.

Sincerely yours,

Alice Algar
Secretary pro temp.
